SIR ROBERT HART PROPOSALS

The Opinion of the Times.

The further particular we give td-day (says The Times, of May 27) of Sir Robert Hart's scheme for the reorganization of China, which was briefly described by our Shanghai Correspondent on April 4, will doubtless be read with a shudder by all who are alarmed at the threatened developin the scheme of the Inspector-General of. Maritime Customs the first concrete step towards the realization of their gloomiest 189 tears. Here is the danger upon us, and an infatuated world pursues the even tener of its way unperturbed by the disinterested warnings which are poured, into its deaf ears by the Russians, who are exhausting their resources and emptying their very in the defence of civilization. The proof the Inpector-General are med upon colossal lines, and they worked out with an imposing enable China, not des a make per voice heard, but to take is effective

> The will do a great deal more than this, provided they are carried out, for they will at once raise Chins to the rank of one of the first of nivel Powers, while providing her with the will ive ber of bree squadrons, containing in all stry battleships and first cises cruisers thirty second-class cruisers. and as many destroyers, with a flotilla of 10 torpedo boats. As a standard by which to measure the strength of this new flest, it may be mentioned that a year we had only twenty geven firstolass battleships ready for sea 1 553 destroyers and tornedo-boats. The same ships of all classes under the Chinese flag are to be manued by 10,500 men and commanded by 400 officers. The land forces are to be divided for the present into four army corps of 50,000 men, each with over 1,800 officers. There is to be a first reserve and a second reserve, and at the end of ten years the atrengths of the army is to have risen to 500,000 ment, when t is on a peace footing. Its war strength is not mentioned. Three naval and four military colleges are to be established, and four amenals are to be built. A compre hensive reform of the Civil Service, under which all officials are to receive Balaria austient to abolish buy presext for squeezes and something in the nature o

He calculates for example, that his navy will cost out 1159 £25,000,000 though it is to include Thirty first-class battleships and cruisers which cost on an average considerably over a mi lion spiece. Contractors, however, will in doubt, be tendy to quote favourable term for such a very wholesale order. Then h nllows Taotais a salary of only 30,000 taols Anthe Shanghai Room in believed to make

It is strange that the suggestion should be left to a European It is stranger yet that a European of Sir Robert Hart's tried capacity and long experience should dream for a moment that it can be carried out in the way which he proposes. The naval and military resuscitation of a great people presupposes and depends upon their moral regeneration. Without that, arms and ships are mere costly encumbrances. It is the man behind the gun, and the man who commands him, that count, and they are the product of a long moral and intellectual training: That is a truisen to all thoughts ful Europeans. That it is not obvious to Sir Robert Hart is a demonstration of the extent to which he has sunk into Chinese habits of thinking.

THE RUSSO-JAPANESE WAR.

The Russian Consorship.

The mother of one of the Jewish surgeons who have been sent out from Wareaw to the war recently received from her son a letter which throws a characteristic light on the results of Russian censorship. The letter is written in the usual official Russian style, and bears the stamp of the consor. It states that the writer is in good health, that admirable order prevails among the truops, who are certain of victory and are amply supplied with all necessaries, and that there is so little illness that the army furgeons have scarcely anything to do. It concludes with a request that his mother should send him some Hebrew hooks of which he gives the titles. There are :-'Famine and Destitution,' 'Consequent Fearful Epidemics, ' Scarcely are Sanitary Appliances, ' Demoralization of the Army Constantly Increasing, 'End of Discipline,' Wish I were Taken Prisoner.' Evidently the consor did not know Hebrew.

The Russian Leaders at Variance.

The Times correspondent telegraphed from Paris on May 24 :-

.The St. Petersburg correspondent of the Echo de' Paris states that the differences of opinion as to the conduct of the war which have long been known to exist between General Kuropatkin and Admiral Alexeieff are causing anxiety in the Russian capital. Admiral Alexeieff hasrefused to receive Admiral Skrydl ff. The correspondent remarks that none of the Viceroy's telegrains mentions Admiral Skrydloff's arrival at Vladivortock. It is even stated that Admiral Alexaieff prevented the Commander in Chief of the Pacific fleet from attempting to onter Port Arthur. His plan was to land at some point as near the fortress as possible with the aid of Chinese tishermen. The correspondent adds:— As every one is aware, Skrydloff was capable of making this attempt, and, with his customary bravery, of succeeding. The correspondent thinks that nothing but the recall of Admiral Alexeieff, who is now useless, Il set things right.

LORD KITCHENER'S ARMY

SCHEME.

Calcutta, June 10 .- Some important changes are likely to be introduced in the education of officers in the Indian Army in connection with the scheme recently formulated by Lord Kitchener. Amongst other reforms new text books will be adopted to render the course more practical than at present, the object being to make the examinations such that they can be passed upon knowledge which any good regimental officer necessarily acquires in carrying out his dutic with his mon. The arrangement already in force

the British Army will also most probably be introduced whereby officers are required to pass for promotion to Captain and Major as well us Lieutenant-Colonel. This will terminate the existing unentisfactory system wherely pressed an important physical fact. There is in the Indian Army an officer sometimes something unique and pitiable about the position | sees nothing of examinations from the time of the stomach in the human body. SCARP AND HAIR

Something for Mothers to Think About

EVERY CHILD born into the world with an inherited or early developed tendency to distressing, distinguising humours of the skin, scalp, and blood, becomes an object of the most tender solicitude, not only because of its suffering but because of the dreadful fear that the disfigurate tion is to be lifelong and mar its future happiness and prosperity. Hence it becomes the duty of mothers of such afflicted children to acquaint themselves with the best, the purest, and most effective treatment available, viz., THE CUTICURA TREATMENT.

Warm baths with Currouna Scar, to cleanse the skin of chasts and scales and seften the thickened cuticle, gentle anointings with Concurs Once, ment, to instantly aliay itching, irritation, and inflammation and soothe and heal, to be followed in the severer cases byfinild doses of Christina Resort VENT PILLS (see below), to cool and cleanse the blood, are all that can be desired for the alleviation of the suffering of skin-toritized infants and children and the comfort of worn-out, worried mothers. A single set is often sufficient to curs when the best physicians fail.

Millions of Women Use Cuticura Soap

Assisted by CUTICURA CINTMENT, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dauguil, and the stopping of folling hair, for softening, whitening, and soothing red, roughtand sore hands, for baby raches, itahings, and changes, in the form of baths for annoying irritations and inflammatical, or too free or offensive perspiration, in the form of washs for alcerative weaknesses, and for many sanative, antisoptic purposes which readily suggest themselves to without, especially mothers, and for all the purposes of the tolicibath, and nursery.

COTTOURA RESOLVENT PILLS (Chocolate fosted) are propared to meet the wants of delicate women, and sensitive children, sail are pure, sweet, and tasteless. They are beyond question the most successful blood prifers and humour cures yet compounded. Opficeras Remenius are sold throughout the world Australian Depot: R. Towns & Co., Sydney. FRUIT FAMINE IN ENGLAND.

TARUIT GROWERS in England say that The heavy rains of January and Fobruary threaten the crop for the summor. Botter weather may save some of it, and we hope it will, for A poor fruit orop is a very serious thing for many people, especially in Kent and Norfolk. The picking of fruit gives employment to Tuebbin, Newchwang and Chefco hundreds, and the wages of the brief Berns.—BUTTERFIELD & SWIRE. season are the mainstay of many families The work is very hard, and, as Mrs Tientsin June 21. Weihaiwei 23, and Che-Elizabeth Kirby, Y Iverton, Norfolk, said foo 24, General. Burrenrield & Swine. to a representative of the Norwich Mercury. is not unattended with risks. As a result of a chill contracted while picking fruit, rheumatism attacked Mrs Kirby: Dr Williams' pink pills for pale people were, however, recommended to her and she nom became well again. The facts, given in Mrs Kirby's own words, are as follows:body. I was in dreadful pain. Two doctors attended me. For a year I lay holpless. My faith in physic was falling Decatur, U. off, and I began to feel that I should never from Mirs Bay. get well again. A neighbour, who had suffered from rheumatism, recommended me to try Dr Williams' pink pills. After I had taken but a very few bottles I began to feel well, and able to do a little work in the house. I continued to take the pills, with the result that I now feel as well as a woman of my age-fifty-two-could expect

to feel. 'Mr Fred Kirby, who lives with his BRADLEY & Co. mother, and is twenty-four years of age, little boy he fell into the water. His companion fished him out, but as he was not a strong child the wetting brought on rheumatiem, which he never got rid of until two years ago he had rheumatic fever, and it was then that he first took. these wills, with the happiest results.

Every week new cures, are reported in the newspapers from the use of Dr Williams pink pills for pale people, including innumerable cases of anamia, general weakness, loss of appetite, palpitation, shortness of breath, hysteria, paralysis, locomotor ataxy, rheumatism, sciatica, scrofula, rickets, chronic erysipelas, consumption of the bowels and lungs. These pills are not a purgative, and contain nothing that could injure the most delicate. They are genuine only with full name, Dr Williams pink pills for pale people, and are sold by Dr Williams' medicine company, Holbornviaduct, London, E.C., at two shillings and ninepence a bottle, or six bottles for thirteen and nine, post free. They in vigorate the system after overwork, worry, and indiscretions.

WEATHER REPORT. The following notice is issued by the

Hongkong Observatory :-On the 1st at 11,30 a.m. The barometer has risen throughout China and in the Philippines and fallen slightly in Japan. Gradients are moderate on the China Coast and moderate E. oFSE, winds will be met with in the Formesa Channel and moderate SE, winds in the northern part

of the China Sea. Forecast :- Moderate SE, winds, overcast, rain.
